**French:** Spoken - Fluent ; written - fluent

## **CAREER**

### **CURRENT ASSIGNMENT AND RESPONSIBILITY**

---

**From: December 2010 – up to now**  
Cabin Cargo Architectures Interiors – Design Engineer

ATR 42/72

Starting from 2010 I worked on ATR42/72 Program; in detail my competence has been focused on Interiors design and the secondary structure (fix and mobile) drawing by using Catia V4, Catia V5, and Cadds5.

In these years I have matured experience in particular related to MOD from the preparation to the production drawings issue. In this process I have also analyzed and developed the interface drawing sent from ATR to Leonardo Aircraft Division.

Furthermore, the sustaining of Program is an activity which I have performed with continuity analyzing documents issued from ATR versus Leonardo like AM and litige.

The activities performed includes also review of maps of thermal/acoustical insulation blankets impacted by new ATR modification, also supporting supplier sampling activity on aircraft.

### **PREVIOUS POSITION AND RESPONSIBILITY:**

---

**From: November 2007 To: 2009**  
Cabin Cargo Architectures Interiors – Design Engineer

A380

During 2007 until to beginning of 2009 I have worked in Airbus Industry (Toulouse) following manufacturing flow for A380 in Final Assembly Line (FAL).

My principal target was to give a feedback to AM and to DQN and if necessary design special part to be built on site in order to solve the problem quickly via Concession.

In these years I have matured experience also on SAP PAC and SAP PGI.

On 2009 the similar experience has been done on ST.Nazaire for refurbishing of A380 due to reallocation of MSN24 and MSN34

**PREVIOUS POSITION AND RESPONSIBILITY:**

---

**From:** November 2003      **To:** 2007  
Cabin Cargo Architectures Interiors – Design Engineer

A380

From 2003 to 2007 I have worked on A380 Program maturing experience like design of ATA21 and ATA25.

**COMPUTER / INFORMATION TECHNOLOGY EXPERIENCES**

---

**Knowledge of:**

**Operating systems :** Windows 10, with office pack

**Programming :** AIMS

**Software :** Catia v4 , Catia v5, CADD5, SAP (PAC)

**Hobbies-Sports**

Windsurfing, snorkeling, jogging.

**Skills:**

Capability to work with integrated team and strong attainment to achieve the objectives.

**Date and Signature**

03/05/2022

A handwritten signature in cursive script, appearing to read 'Firas Fulle'.
